OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday noon, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript. If spare copies exceeding 100 in number are required, the department concerned should supply the required quantity of paper.

3. Matter sent for insertion in the Gazette will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. The English or the Kanarese portion of the *Mysore Gazette*, consisting of Parts I, I-A, II, III and V only, will be supplied to the Members of the Representative Assembly during their tenure of office as such Members, Shanbhogs, Patels, Nad Patels and Shekdars within the State at *half*-rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time. Such subscribers will please note that the Gazette cannot be had *in separate Parts* at concession rates. Those who pay Rs. 2-4-0 per annum will have Parts I, I-A, II, III and V only and those who require the other Parts will have to pay the *full* subscription fixed for the Part or Parts wanted; but those who pay Rs. 4 will get the entire copy of the Gazette.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than quarter sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

10. Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

PRESS COMMUNIQUE.

It has been brought to the notice of the Government of India that a number of Indian Labourers, residing in the Punjab, were recently induced by fallacious representations made by a passage broker in Bombay to put down large sums of money for their passages to France and to proceed to that country in the expectation that they would secure employment at Rs. 15 per day. On arrival they found that they had been duped, and having exhausted their resources had to be repatriated at Government expense.

2. The public are therefore hereby warned of the risk run by persons in proceeding to foreign countries in search of employment, unless they have received in advance satisfactory assurance of remunerative work in the country to which they are destined.

By Order,
K. MATTHAN,
Chief Secretary to Government.

SHIMOGA DISTRICT.

Notification dated 7th April 1922.

It is hereby notified that the right of levying tolls on carts entering the limits of the Town Municipality of Shimoga during a period of one year, from 1st July 1922 to 30th June 1923, will be put to public auction at 12 noon on Friday, the 12th May 1922, subject to conditions herein after described.

2. The sale will be conducted in the office of the President of the Town Municipality, by the President or in his absence from headquarters, by the Vice-President of the Municipality.

3. The right shall be knocked down to the highest approved bidder and shall, in case the sale is conducted by the Vice-President, be subject to formal confirmation by the President, who reserves to himself the power of accepting or rejecting any bid at his discretion without assigning any reasons for the same. The President further reserves to himself the power to dispose of the right by tenders or, otherwise if the bids obtained at the auction are not considered satisfactory.

4. Persons intending to bid at the auction must attend in person or by a duly accredited agent. Every such person shall deposit beforehand a sum of Rs. 100 as earnest money. The deposits made by unsuccessful bidder will be returned at the close of the sale.

5. The successful bidder hereinafter termed contractor, shall, on the sale being knocked down to him, at once deposit a sum sufficient to make up with his previous deposit one-twelfth of the amount of his bid, and a further sum equal to two-twelfths of the bid amount on or before the 20th June 1921 and he shall also execute, before the said date, an agreement on stamped paper binding himself and heirs to observe the conditions hereinafter set forth. If default is made, either in making the deposits or in executing the agreement as above, the amounts, if any, already deposited, will be forfeited and the right to collect the toll shall be forthwith resold or otherwise disposed of by the President.

Conditions.

(1) The amount for which the right has been finally purchased shall be payable in equal monthly instalments commencing from July 1921. Each instalment shall be regarded as the rent for the month in respect of which it is payable and shall be paid into the treasury on or before the 20th of the month. In case of default, the President shall be at liberty to suspend further collections of toll by the contractor, direct the forfeiture of the deposit made by him and dispose of the right to collect toll during the remaining period of the year by resale, tender or otherwise as he may deem fit. Such resale or other disposal shall be at the risk of the defaulting contractor, who shall not be entitled to any gain accruing thereby; but in case of loss he shall be liable to make good the deficiency between the amount payable for the period under the terms of his contract and the amount fetched by the resale or other disposal. In the latter case, *i.e.*, in case of loss, the forfeited deposit of the contractor shall be taken towards the recoupment of such loss. Should, however, the forfeited deposit be greater than the loss by resale or other disposal, the whole of such deposit shall be credited to the Municipality.

(2) The deposit of three-twelfths of the bid amount made by the contractor shall be taken as a guarantee for the due fulfilment of the contract; and if not forfeited, shall be returned after a month after the expiry of the contract.

(3) No remission or abatement of rent or compensation on any account shall be claimable by the contractor.

(Printed as an accompaniment)

ORDER No. 4395-4465—STL. 20-21-3, DATED 1ST APRIL 1922.

Seasonal Conditions. The average rainfall in the State was 32·56 inches, which represented a decrease of 4·83 inches, the decrease being most marked in the districts of Kolar, Tumkur and Chitaldrug, where State Forests were, in consequence thrown open for the free grazing of cattle.

2. *Area of the State and its classification.*—The following table shows the area of the State and its main classifications :—

	Acres.
(*a*) Area according to the latest results of Survey	18,865,170
(*b*) Deduct extent of alienated tracts, such as jahgirs, jodi villages etc., in respect of which particulars required for the Season and Crop Report are not available.	1,417,679
(*c*) Net area covered by the report	17,447,491

3. The net area shows a decrease of 1,413 acres as compared with that of the previous year and it may be classified as follows :—

Kind of land and extent in acres	*Percentage to net area*
(*a*) Forests (2,311,215) ...	13·25
(*b*) Extent not available for cultivation, being barren and unculturable or appropriated for purposes other than agriculture. (6,530,530) ...	37·43
(*c*) Cultivable waste not in occupancy (747,017) ...	4·28
(*d*) Area under occupancy. (7,858,729) ...	45·04
	100·00

4. Out of the occupied area, an extent of 24 per cent remained fallow, leaving for actual cultivation during the year, 5,952,098 acres which represents 69 per cent of the total cultivable area (8,605,746 acres). Including areas cropped more than once as separate areas for each crop, the gross area cropped during the year would be 73 per cent (6,261,325) acres of the total cultivable area.

5. *Irrigated area.*—The area irrigated showed a slight decrease (26,221 acres) of about 2 per cent over that of the preceding year, the decrease being over 10,000 acres each in the districts of Kolar, Tumkur and Bangalore. The extent of land sown with irrigated crops was 923,897 acres, representing about 15 per cent of the entire cultivated area.

6. *Area under crops.*—The fluctuations in areas under different classes of crops, as compared with those of 1919-20, may be thus exhibited.—

Nature of crops	Area in 1919-20	Area in 1920-21	Increase or decrease	Percentage to the gross total cultivated area

11. Miscellaneous non-food crops	50,715	98,215	+47,500	1·21	1·57

7. It will be observed from the above that there was a general decrease in the acreage under all crops except oil seeds, which showed an increase of 49 per cent due to the very rapid expansion of the area under groundnut which promises to increase in importance as a valuable commercial crop in the near future. The Revenue Commissioner's attention is invited to the remarks of the Director of Agriculture on the apparent contraction in the area under cocoanut and the abnormal increase in the area under maize in the Honnali Taluk of the Shimoga district and he (the Revenue Commissioner) is requested to verify the figures once more and report the result.

8. In the orders of the 6th July 1916 and the 3rd August 1917, read above, it was specially provided that the marginally noted crops should be shown in table 3, now table 4 of the Agricultural Statistics on account of their local importance and other considerations. But some of these crops do not appear in table 4 of the Season and Crop Report under review. In ordering the revision of the tables of Agricultural Statistics so as to correspond with those of British India, Government did not intend that the crops enumerated above should be omitted from the Season and Crop Report; and they accordingly direct that the said crops should be shown under separate sub-heads in future reports, as indicated below, the totals concerned only being, however, given in the tables of Agricultural Statistics furnished to the Residency.

Cowpea, togari, castor, coriander, chillies, pepper, betel leaves, mangoes, onions, potatoes, groundnut, cocoanut, areca-nut, horse-gram, and mulberry.

9. *Agricultural Stock.*—The statistics furnished under this head are based on the figures pertaining to the fifth quinquennial census of agricultural stock taken in January 1921. It will be seen therefrom that total number of live stock of the bovine class was 5,406,366, that of sheep and goats 4,148,330 and that of horses, ponies, mules, donkeys and camels 78,242. The number of ploughs and carts was 866,018, and 243,036, respectively. There was a slight increase of 8 per cent in the number of bulls and bullocks and in the case of cows an increase of 6·6 per cent. There were on an average 27 horned cattle for every 30 persons, 41 sheep and goats for every 60 persons, 29 ploughs for every 200 persons, and one cart for every 25 persons.

Outturn of crops.—The unfavourable seasonal conditions were reflected in the large decrease in area and outturn of some of the wet and dry crops as will be seem from the following table. Expressed in terms of annas, the average outturns of paddy, ragi, cholum and sugar-cane crops were 9·2, 8·6, 8·5 and 10·2 annas respectively.

11. *Imports and Exports.*—The total quantities of agricultural produce imported into and exported out of the State by rail were 26,13,858 and 21,29,654 maunds valued at Rs. 3,04,72,304 and 3,35,20,671 respectively as against 27,06,710 and 24,52,169 valued at Rs. 3,34,79,416 and 3,33,67,183, during 1919-20. Raw cotton, wheat, cotton seeds and grains and pulses were imported in considerable quantities. The value of rice imported was 72 lakhs of rupees only against 138 lakhs in the preceding year. Sugar, fresh vegetables and raw cotton were exported on a large scale. On the whole, the value of export was about 32 lakhs more than the import value.

12. *Prices.*—In spite of the general fall in the prices of important food grains and salt, the rates continued to rule high as compared with the pre-war prices. However, a gradual downward movement in the prices of food stuffs was noticeable.

13. *General.*—Government observe that there has been a delay of three months in the submission of the report which is unsatisfactory. The abnormal variations in the acreage under crops noticed by the Government last year have not been explained by the Revenue Commissioner. He is requested to take up, in consultation with the Director of Agriculture, the question of revising the estimates of the standard rates of produce fixed in G. O. No. R. 3238—49 Agri. 61-15-7, dated 28th August 1918 at an early date, with a view to render the statistics contained in the report more accurate and reliable in future.

PRESS COMMUNIQUE.

It has been brought to the notice of the Government of India that a number of Indian Labourers, residing in the Punjab, were recently induced by fallacious representations made by a passage broker in Bombay to put down large sums of money for their passages to France and to proceed to that country in the expectation that they would secure employment at Rs. 15 per day. On arrival they found that they had been duped, and having exhausted their resources had to be repatriated at Government expense.

2. The public are therefore hereby warned of the risk run by persons in proceeding to foreign countries in search of employment, unless they have received in advance satisfactory assurance of remunerative work in the country to which they are destined.

By Order,

Students who have completed their courses in sixth or higher forms taking Science or Mathematics as optional subjects are eligible for admission into the higher grade, while those of lower forms will be admitted to the lower grade.

2. The complete course covers a period of 3½ years of which 2½ years will be spent in the school in attending lectures and practical work in the school workshops, arrangements being made during the last year for their training in some of the large workshops, mills, etc., in and outside the State.

3. Each year the session commences on the 1st Monday in July and consists of two terms, the first ending with the Christmas holidays and the second with the close of June following. The usual hours of attendance are from 7 to 11 A.M., and 2-30 to 4-30 P.M.

5. No tuition fees will be levied for the regular classes from students who happen to be Mysoreans, either by birth or domicile. Others have to pay a fee of Rs. 3 per mensem along with Rs. 20 per year for the workshop practice. Students should provide themselves at their own cost, text-books, note books and the necessary drawing instruments. Workshop tools, drawing boards, T-squares and set-squares will however be provided by the school, which should be returned in good order when the student leaves the school. The students will, however, be held responsible for all breakages, loss, etc. A security deposit of Rs. 10 will be collected from each student, returnable to him on the completion of his course after deducting all dues from him, if he is a Mysorean. In the case of an outsider, a sum of Rs. 15 will be collected, returnable to him on the same terms.

6. Students desirous of practising in one or more branches of the school workshop or of attending the theory lectures alone in any particular subject or subjects taught in the school are also admitted. A fee of Rs. 3 per month is levied from such casual students.

7. A class is also tentatively open to train men in the mere driving of motor vehicles within a short period of six months. A small fee of Rs. 10 is charged for the course, with the proviso to extend the period in special cases, on payment of an additional fee of Rs. 5 per mensem subject, however, to a total period of eight months.

8. A fee of Rs. 4 per annum is payable by each student as his subscription to the Athletic Club and the Technical Students' Association.

Under Section 20 of the Mysore Treasure Trove Regulation, III of 1910, the Government of His Highness the Maharaja of Mysore are pleased to issue the following rules to regulate the proceedings under the said Regulation.

1. (*a*) When the finder of any treasure has deposited it in the nearest Government Treasury, the Deputy Commissioner may remove it to any other Government Treasury.

(*b*) When the finder of any treasure has not deposited it in any Government Treasury or refuses or neglects to give the security required, the Deputy Commissioner may take possession of such treasure and remove it to the nearest or any other Government Treasury.

2. The Deputy Commissioner shall forward his notification requiring claimants to appear to the Compiler, *Mysore Gazette*, for publication in English and Kannada, in 4 consecutive issues of the Gazette. The notification shall also be given publicity by a copy of the same being affixed in some conspicuous place of the village where the treasure was discovered and at the Hobli Headquarters of the village in which it was found, if that village does not happen to be such headquarters.

3. The Deputy Commissioner shall, whenever he has made a declaration under Section 9 that any treasure is ownerless, and before delivering or dividing the treasure in the manner laid down in Sections 10 to 15 of the Regulation, consult the Director of Archæological Researches as to whether it is his intention to acquire such treasure or any portion of it. In making the reference, the Deputy Commissioner shall send for examination the ancient coins and other articles of antiquarian interest discovered as hidden treasure together with a detailed descriptive list of the objects found, indicating which of the objects in the list are likely to prove of historical or Archæological interest.

4. The Director shall, after examination and consultation with the Superintendent, Government Museum, return the treasure within a month from the date of its receipt in his office to the Deputy Commissioner for the prescribed proceedings being taken with regard to it under the Rules.

5. (*a*) If, on such examination, the Director considers that all or any of the coins or other articles or of a rare variety and of such antiquarian interest as deserve to be preserved in his office cabinet or the Government Museum, he shall submit a recommendation to Government for the acquisition of such coins or articles for Government, so that Government may, if it approves, issue the necessary instructions in that behalf to the Deputy Commissioner.

(*b*) When recommending the acquisition of the coins or other articles, he shall report to Government their probable value and submit a list of specimens of such coin or article which he may consider deserving of preservation.

(c) The Director shall submit to Government for transmission to the Director General of Archæological in India, a report giving a brief discription of the coins unearthed, and if required by the latter officer, shall supply coins, if they are available to the Museum and other Institutions in British India.

6. After the Deputy Commissioner has acquired the coins or other articles under the Regulation, he shall forward them to the Director of Archæological Researches for being disposed in the manner indicated below:—

(a) When only one specimen of a coin is acquired, it shall be transmitted to the Superintendent, Government Musenm for being preserved in the Museum unless a specimen of it already exists there, in which case it shall be kept in the cabinet of the Director of Archæological Researches in Mysore.

(b) When more coins than one of a single variety have been acquired, the Director will keep one in his cabinet and transmit the rest to the Superintendent, Government Museum. The Superintendent will keep one coin in the Museum and he shall from time to time advertise in the *Mysore Gazette*, the sale of the surplus coins. He will also supply a list of coins for sale to such numismatists as might have registered their names and to such Museums and Societies as are, in his opinion, likely to acquire them.

7. Deputy Commissioners may, on the recommendation of the Director of Archæological Researches, purchase without reference to Government, coins which are of less value than Rs. 10 from the finders on the terms laid down in Section 17 of the Regulation. Such coins shall be sent by the Deputy Commissioner to the Director of Archæological Researches who shall deal with them in the same manner as is laid down in the preceding rule.

8. A list of surplus coins not sold within six months of the date of advertisement in the Gazette shall be submitted to Government by the Superintendent, Government Museum, for their orders on the 1st January and 1st July of each year.

9. Deputy Commissioners shall put forward the claims of Government under the Regulation to all valuable copper plates, inscriptions, etc., in cases to which the Regulation applies and officers in all Departments shall report to the Deputy Commissioner, any discoveries which may come under their notice.

Foot notes to Rule 9.—(1) The Mysore Treasure Trove Regulation, III of 1910, permits the Government to claim the possession of treasure of which, as laid down in Section 4 of the Regulation, the amount or value is over Rs. 10. Such "value" is not, as in Section 16, the price which the mere materials of the articles found would fetch, but the market value or the price which the discovered object might, if offered for sale, reasonably be presumed to realise. The conditions under which the finder of treasure is to be compensated in cases where the claim of Government is asserted are described in Section 17 of the Regulation. The value at which the treasure is to be assessed is there defined as the value of the materials only plus one-fifth of such value. The extra price which the discovered article might realize in virtue of its value as an object of Archæological interest, need not enter into account.

(2) A material portion of discovered antiquities will be ascertained on enquiry to have been found in circumstances which would bring them under the provisions of the Regulation. Such will be the case in respect of all ownerless antiquities of any value "hidden in the soil or in anything affixed thereto". Statuary and remains of buildings as well as coins, would, if buried under-ground, usually satisfy the required conditions and could be classed as treasure under the definition of the Regulation, which was intended to apply to objects of antiquarian interest discovered below the surface of the soil.

(3) The rules apply to the preservation *in situ* of objects of archæological interest which may be claimed and purchased under the Regulation.

(4) It is the duty of all the servants of the State to protect national interests so far as to ascertain the particulars of any discovery which may be brought to their notice and to report the circumstances to their superior officers for communication to the Deputy Commissioner and the Director of Archæological Researches in Mysore.

Resolution.—The Board are not in favour of the proposal to tax motor buses plying on District Fund Roads, firstly, because one motor bus with its full complements of passengers is estimated to take the place of 20 bullock carts and therefore saves much wear and tear on the road; secondly, because a useful industry is already being so badly crippled as to be run in many cases at an actual loss, owing to the ruination of the vehicles caused by the state of the roads themselves. The Board are therefore of opinion that unless or until the said roads are put in really good order, the idea of taxing enterprising businesses, which suffer from the present bad condition of roads is hardly fair or politic.

PART III.

Legislative Measures and Rules thereunder.

NOTIFICATIONS.

No. 309—L. C., dated 4th March 1922.

Under Rule 40 of the Rules for the conduct of business of the Mysore Legislative Council, the following Report of the Select Committee on the Bill further to amend the Mysore Municipal Regulation, VI of 1906, is published for general information with the Bill as amended by them.

By Order,
C. ABDUL GHANI,
Secretary, Mysore Legislative Council.

REPORT OF THE SELECT COMMITTEE APPOINTED TO CONSIDER THE BILL FURTHER TO AMEND THE MYSORE MUNICIPAL REGULATION, 1906.

We, the undersigned members of the Select Committee to which the Bill further to amend the Mysore Municipal Regulation, 1906, was referred, have the honour to submit the following report:—

Clause 1.—In connection with this clause, we have considered the communication of Mr. B. Sreenivasa Iyengar of Anekal, who has suggested that the clause as it stands at present may give rise to the possibility of there being no council on the date of a general election. To make it clear, we recommend that the

clause may be worded on the lines of Section 50 (1), (v) of the Madras District Municipalities Act, 1920 as follows :—

"Who is already a Councillor whose term of office as such will not expire before his fresh election or appointment can take effect" and that it may go as a separate sub-clause of sub-section (i) of Section 15.

Clause 2.—We consider that instead of making amendments in paragraphs (*a*) and (*b*) and in the explanation, it will serve the purpose if, in the explanation the words "or sanitary" be inserted after the word "Medical".

Clause 4.—Sub-clauses (1) and (2).—We recommend that the new sub-clause (iiA) may be made sub-clause (iii) the present sub-clause (iii) being renumbered as sub-clause (iv). The additional words proposed in sub-clause (2) may go in, as sub-clause (v), of clause (b).

Sub-clause 3.—In the place of the deleted clause (c) we recommend that the following clause be substituted with a view to provide for the framing of bye-laws in respect of grant of licenses for the establishment of factories and the use of sirens under clauses 11 and 12 of the Bill.

"(c) prescribing the conditions on, or subject to which and the circumstances in and the areas or localities in respect of which licenses may be granted, refused, suspended or withdrawn for the establishment in any premises, of any factory, workshop or work place in which it is intended that steam, water, electrical or other mechanical power shall be employed or for the use of whistles, trumpets, operated by steam, mechanical means or electricity in factories or other places for the purposes of summoning or dismissing workmen or persons employed".

Sub-clause 4.—We consider that provision should also be made for framing bye-laws for the construction and use as well as disposal of houses for the poor. We therefore suggest that clause (oo) may be amended as follows :—

"(oo) regulating the conditions for the construction, use and disposal of houses intended for the poor".

Sub-clause 6.—We suggest that it may be altered as follows :—

"and prescribing a time limit for the erection of buildings" and it will include the construction of new and alteration of old buildings.

Sub-clause 7.—We consider that the word "erection" would be more appropriate than "construction," and the words "in accordance with the provisions of Section 95, A" may be omitted as being unnecessary.

Sub-clause 8.—This is also unnecessary, and may be omitted.

Sub-clause 9.—We consider that it will not be to any advantage for the Municipal Council to frame bye-laws for the prevention of double riding on bicycles and such other acts prejudicial to public safety. It seems to be more appropriate and convenient to take power in that respect under the Police Regulation. We therefore recommend that this sub-clause be omitted.

Clause 5.—We consider that Section 51, is not the appropriate place for making this provision. Further, we think that such a provision as this is not called for, as it is a matter for agreement between Government and the holder of an alienated village and any municipality constituted in such an alienated village may be from the operation of this Regulation, under Section 187.

Clause 6.—We are of opinion that the following words may be substituted with advantage for the words "economic work" occurring in line 2 of this clause :—

"any specific work or purpose". The words "or purpose" may also be addedter the word "work" in line 3.

Clause 7.—We consider that this amendment is unnecessary as there are already sufficient powers under Section 53A, for borrowing for the purposes contemplated in clause (*bb*) of Section 56.

Clause 8.—It will not be sufficient if power is taken only for constructing houses. It is necessary that they ought to be maintained properly till they are disposed of. We therefore propose that the clause be amended as follows :—

(*bb*). Constructing and maintaining where necessary suitable sanitary houses for the habitation of the poor.

Clause 9.—We consider that this new section providing for power to resume sites not built upon ought to come after the provisions regarding power to regulate buildings. The section will have to go in before sub-heading 3 in Chapter IX, as Section 98A, under a new sub-heading "(2A) Power to resume sites, etc."

We consider that in sub-section (1) of the section, provision should be made so that the encumbrances created before the passing of this Regulation should not be affected by the sale of the land resumed without, however, any right to priority. We accordingly propose that the second sentence of paragraph 1 of sub-section (1) of Section 98A be amended as follows :—

"On such resumption the land together with the building if any, thereon shall vest in the Municipal Council free of all encumbrances (excepting those, if any, in favour of Government and those created before the passing of this Regulation, the latter not having any priority over Government or Municipal claims) created by the owner or any person claiming from him; subject, however, to the proviso that such owner or person claiming from him, or the mortgagee, as the case may be, shall be entitled to payment from the Municipal funds of the amount realised by the Municipal Council from the disposal, less any charges incurred for such disposal and resumption."

In paragraph (2) of sub-section (1) we propose that for the words "1st January 1921" the words "the date of passing of this Regulation" be substituted and the words "after the passing of this Regulation" be added between the words "fixed" and "for" in the same paragraph.

We consider that provision should be made for prescribing conditions of resumption and disposal of sites in order that the exercise of the powers may not cause any hardship in individual cases. We, therefore, suggest the addition of the following words after the word "Government" at the end of sub-section (2) of section 98A :—

"subject to such conditions as may be prescribed by Government in this behalf."

Clause 10.—We propose certain verbal alterations in this clause. As amended it will be as follows :—

"95-A. The Municipal Council may require that any building used or intended to be used as a grain shop or grain store shall be erected so as to render such building rat proof and may for this purpose prescribe the plan and the design to be adopted and the materials to be used for such building.

Provided that the provisions of this section shall be enforceable only within such areas as may be notified by the Municipal Council from time to time, with the previous approval of Government."

Clause 11.—We consider that the proper place for bringing in this new section is under the heading of "Nuisances from certain trades and occupations" in Chapter IX and we accordingly suggest that this new section may go in as Section 151A, after Section 151.

Mr. B. V. Ramaswamy Chetty raised, at the last meeting of the Legislative Council, a contention that the power to grant licenses under clauses 11 and 12 should be vested in the Municipal Council and not in the President. We agree with Mr. Ramaswamy Chetty in this respect and suggest that the words "Municipal Council" be substituted wherever the word "President" occurs.

We consider it necessary that a penalty should be attached to cases of contravention of the rule contained in this section, and so we propose the addition of a new clause as sub-clause (3)

of Section 151A as follows :—

"(3) Whoever establishes in any premises any factory, workshop or work-place as aforesaid without or after the refusal of such permission, or in contravention of the terms of any bye-laws framed in this behalf, shall be punished with fine which may extend to two hundred rupees."

Clause 12.—We consider that this clause also should come under the heading of "nuisance" and the new section proposed may go in as Section 151 B. We recommend that the phraseology of Section 151A of the Bombay District Municipalities Act, 1901, may be adopted as the provision is based on that section.

As altered the clause will be as follows :—

"151 B (1) No person shall use or employ in any factory, or any other place any whistle or trumpet operated by steam, mechanical means or electricity for the purpose of summoning or dismissing workmen or persons employed except under and in accordance with the conditions of a license from the Municipal Council.

(2) The Municipal Council may grant such license subject to such conditions as they may deem fit and may at any time withdraw such license on giving one month's notice to the licensee. Provided that when the licensee has contravened any of the conditions of the license, the license may be withdrawn without any such notice.

(3) Whoever uses or employs any such whistle or trumpet as aforesaid without, or in contravention of any of the conditions of, or after the withdrawal of such license, shall be punished with fine which may extend to fifty rupees."

Clause 13.—In paragraph 2 of the Section 165 A, we suggest that the word "also" be inserted between the words "which" and "falls."

Clause 14.—We consider that it is desirable to take powers generally under Section 180 A to restrict the powers of Deputy Commissioners in respect of Municipal Councils other than City Municipal Councils so that such restriction may be applied to cases of individual Municipal Councils as occasion may require. We accordingly suggest the substitution of the words "of other Municipal Councils specially exempted under the special orders of Government" for the words "and the Sringeri Municipal Council," in the said section.

We recommend that the Bill as amended be published in the Gazette and passed.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday noon, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript. If spare copies exceeding 100 in number are required, the department concerned should supply the required quantity of paper.

3. Matter sent for insertion in the Gazette will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. The English or the Kanarese portion of the *Mysore Gazette*, consisting of Parts I, I-A, II, III and V only, will be supplied to the Members of the Representative Assembly during their tenure of office as such Members, Shanbhogs, Patels, Nad Patels and Shekdars within the State at *half*-rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time. Such subscribers will please note that the Gazette cannot be had *in separate Parts* at concession rates. Those who pay Rs. 2-4-0 per annum will have Parts I, I-A, II, III and V only and those who require the other Parts will have to pay the *full* subscription fixed for the Part or Parts wanted; but those who pay Rs. 4 will get the entire copy of the Gazette.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than quarter sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

10. Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

EXCISE DEPARTMENT.

Notification No. R. Dis. 54-21, dated 22nd April 1922.

With reference to the Opium Rules contained in Government Notification No. R. 5149—Ex. 6-21-23, dated 4th April 1922, the Excise Commissioner, hereby prescribes and publishes under Rule XXX, the following subsidiary rules and forms, in supersession of all previous ones. The rules will come into force from 1st July 1922.

I. Licenses for retail vend granted by the Deputy Commissioner shall be in form I, annexed. A counterpart of each license shall be executed by the licensed vendor and filed in the office of the Deputy Commissioner.

Licenses for the sale by druggists of raw opium and admixtures of opium.

II. Licenses for the sale by druggists of raw opium and admixtures of opium for medicinal purposes only may be issued by the Deputy Commissioner in form II. They shall be granted only to respectable persons engaged in the sale of medicines. Every such license shall expire on the 30th June following the date of issue.

III. The fee for each such license shall ordinarily be Re. 1 per annum, but no fee will be charged for the grant of a druggist's license to a person holding a dealer's license or a Chemist's license under the Dangerous drugs rules, and a druggist's license will ordinarily be granted to every such person who desires one.

NOTE:—Druggist's licenses for dealings in raw opium and admixtures of opium will not be required by the officers in charge of State, charitable or other institutions admitted by the Excise Commissioner to the benefit of the exemptions notified as permissible in respect of such dealings by them.

IV. In order that licensed druggists may be exposed as little as possible to the temptation of using their licenses as a cloak for the surreptitious sale of raw opium and its admixtures for non-medicinal purposes, and thus competing with licensed vendors to the detriment of the revenue, they will ordinarily be required to obtain their supplies of raw opium from licensed retail vendors. Special authorities to obtain supplies from other sources should be most sparingly granted by the Deputy Commissioner.

VI. The acknowledgment to be given, by a licensed druggist or a person in charge of an exempted institution, to a licensed vendor for raw opium purchased from him shall be in the following form, *viz.*, "I.....(1) *holding a druggist's license for the sale for medicinal purposes at.....(2) of raw opium and its admixtures (or being in charge of.....(3)" which has been admitted by the Excise Commissioner to the benefit of exemption) hereby acknowledge having purchased from.....(4) licensee for the retail sale of opium.....(5 and 6) tolas of raw opium this..... day of.....192.

VII. Unless specially exempted from doing so, by the order of the Deputy Commissioner endorsed on his license, every licensed druggist shall maintain and shall sign daily a daily account of all raw opium and admixtures of opium manufactured, possessed, sold or supplied by him. A separate set of pages shall be set aside for raw opium and for each admixture of opium dealt in under the license. The account shall be in from III and printed books containing these forms shall be supplied by the Deputy Commissioner to licensed druggists on payment of such price as may be fixed from time to time.

VIII. The Deputy Commissioner may apply through the proper channels to the Hon'ble the Resident in Mysore to grant to any licensed druggist or person in charge of an exempted institution a pass for the import from beyond seas or for the import from or transport through British India or for the import from a Native State of admixtures of opium for medicinal use not exceeding the quantity which such licensed druggist or person may lawfully possess.

IX. Stocks of opium will be maintained at Taluk offices wherever the Deputy Commissioner may so direct for supply to licensed vendors, or licensed druggists.

X. No opium shall be removed from a taluk office, until a pass for its removal has been obtained from the officer in charge of the Taluk Treasury.

XI. The issue price of opium shall be paid before its removal from the taluk office at such rate as may be fixed and notified into the treasury at which the purchase is to be made.

XII. Opium will be issued from taluk office in entire cakes of 20 or 40 tolas, and no allowance will be made for any excess or dryage in the cakes.

XIII. A licensed vendor, or a licensed druggist, when specially permitted, desiring to procure opium from a taluk office must first pay the issue price at the prescribed rate into the Government Treasury of the taluk in which his shop is situated, or with the permission of the Deputy Commissioner into any other treasury in the District. He will present with the money a chellan which may be obtained from the Treasury officer. The latter, after assuring himself that the applicant is a licensed vendor, or a licensed druggist will grant him a receipt.

NOTE:—The treasury officers will be furnished from time to time by the Deputy Commissioner with a list of the licensed vendors to whom alone opium may be supplied.

XIV. The officer will thereupon issue the opium and grant a pass signed by the Amildar or in his absence by the Taluk Sheristedar.

XV. Packing charges at taluk office, in respect of opium issued otherwise than on Government account must be defrayed by buyers before removal. Purchasers of opium should make their own arrangements for its removal from taluk office.

XVI. Any person found guilty of any breach of the opium Act, 1878, or of any rule framed thereunder or otherwise committing any offence in respect of the taluk office, or of the taluk officials or of any property contained in the taluk office, may be excluded from the taluk office by order of the officer in charge.

6. (*a*) The accounts required by condition 6 of the licensed dealer's license and of the licensed chemist's license shall be in Form III and IV respectively hereto attached, books of which shall be supplied by the Deputy Commissioner on payment of such price as may be fixed from time to time.

(*b*) A separate set of pages shall be set apart for each drug possessed under cover of the license.

(*c*) Each transaction shall be recorded as it occurs and the account balanced.

(*d*) When drugs are manufactured otherwise than for immediate sale, supply or dispensing (for instance in the preparation of a standard solution) the quantity of dangerous drugs used in manufacturing the same shall be shown on the appropriate page or pages in column 6, the name and quantity of the drug manufactured and the number of the page on which transactions relating to it are recorded being entered in column 8 on the same page, and the entry signed by the manufacturer. The quantity of drug manufactured shall at the same time be recorded in column 3 on the appropriate page, the word "manufactured" and the number or numbers of the page or pages on which transactions relating to the drugs used in manufacture are recorded being entered in column 4.

(*e*) If a dealer's license and a chemist's license are held by the same person or institution, the drugs intended for use under each license shall be stocked separately, and drugs transferred from the "dealer's stock to the "Chemist's" stock shall be entered on the appropriate pages in column 6 of Form III and in column 3 of Form IV. In column 8 of Form

III shall be entered the word "transferred to chemist's stock" and the number of the page of Form IV on which the corresponding entry appears, and the entry shall be signed by the person making the transfer, and also by the person in charge of the "chemist's" stock of the "dealer's" and the "chemist's" stock are in the direct charge of different persons.

With reference to the Opium Rules contained in Government Notification No. R. 5149—Ex. 6-21-23, dated 4th April 1922, the Excise Commissioner, hereby prescribes and publishes under Rule XXX, the following subsidiary rules and forms, in supersession of all previous ones. The rules will come into force from 1st July 1922.

I. Licenses for retail vend granted by the Deputy Commissioner shall be in form I, annexed. A counterpart of each license shall be executed by the licensed vendor and filed in the office of the Deputy Commissioner.

II. Licenses for the sale by druggists of raw opium and admixtures of opium for medicinal purposes only may be issued by the Deputy Commissioner in form II. They shall be granted only to respectable persons engaged in the sale of medicines. Every such license shall expire on the 30th June following the date of issue.

Licenses for the sale by druggists of raw opium and admixtures of opium.

III. The fee for each such license shall ordinarily be Re. 1 per annum, but no fee will be charged for the grant of a druggist's license to a person holding a dealer's license or a Chemist's license under the Dangerous drugs rules, and a druggist's license will ordinarily be granted to every such person who desires one.

NOTE:—Druggist's licenses for dealings in raw opium and admixtures of opium will not be required by the officers in charge of State, charitable or other institutions admitted by the Excise Commissioner to the benefit of the exemptions notified as permissible in respect of such dealings by them.

IV. In order that licensed druggists may be exposed as little as possible to the temptation of using their licenses as a cloak for the surreptitious sale of raw opium and its admixtures for non-medicinal purposes, and thus competing with licensed vendors to the detriment of the revenue, they will ordinarily be required to obtain their supplies of raw opium from licensed retail vendors. Special authorities to obtain supplies from other sources should be most sparingly granted by the Deputy Commissioner.

VI. The acknowledgment to be given, by a licensed druggist or a person in charge of an exempted institution, to a licensed vendor for raw opium purchased from him shall be in the following form, *viz.*, "I.....(1) *holding a druggist's license for the sale for medicinal purposes at.....(2) of raw opium and its admixtures (or being in charge of.....(3)" which has been admitted by the Excise Commissioner to the benefit of exemption) hereby acknowledge having purchased from.....(4) licensee for the retail sale of opium.....(5 and 6) tolas of raw opium this..... day of.....192

VII. Unless specially exempted from doing so, by the order of the Deputy Commissioner endorsed on his license, every licensed druggist shall maintain and shall sign daily a daily account of all raw opium and admixtures of opium manufactured, possessed, sold or supplied by him. A separate set of pages shall be set aside for raw opium and for each admixture of opium dealt in under the license. The account shall be in from III and printed books containing these forms shall be supplied by the Deputy Commissioner to licensed druggists on payment of such price as may be fixed from time to time.

VIII. The Deputy Commissioner may apply through the proper channels to the Hon'ble the Resident in Mysore to grant to any licensed druggist or person in charge of an exempted institution a pass for the import from beyond seas or for the import from or transport through British India or for the import from a Native State of admixtures of opium for medicinal use not exceeding the quantity which such licensed druggist or person may lawfully possess.

IX. Stocks of opium will be maintained at Taluk offices wherever the Deputy Commissioner may so direct for supply to licensed vendors, or licensed druggists.

X. No opium shall be removed from a taluk office, until a pass for its removal has been obtained from the officer in charge of the Taluk Treasury.

XI. The issue price of opium shall be paid before its removal from the taluk office at such rate as may be fixed and notified into the treasury at which the purchase is to be made.

XII. Opium will be issued from taluk office in entire cakes of 20 or 40 tolas, and no allowance will be made for any excess or dryage in the cakes.

XIII. A licensed vendor, or a licensed druggist, when specially permitted, desiring to procure opium from a taluk office must first pay the issue price at the prescribed rate into the Government Treasury of the taluk in which his shop is situated, or with the permission of the Deputy Commissioner into any other treasury in the District. He will present with the money a chellan which may be obtained from the Treasury officer. The latter, after assuring himself that the applicant is a licensed vendor, or a licensed druggist will grant him a receipt.

NOTE:—The treasury officers will be furnished from time to time by the Deputy Commissioner with a list of the licensed vendors to whom alone opium may be supplied.

XIV. The officer will thereupon issue the opium and grant a pass signed by the Amildar or in his absence by the Taluk Sheristedar.

XV. Packing charges at taluk office, in respect of opium issued otherwise than on Government account must be defrayed by buyers before removal. Purchasers of opium should make their own arrangements for its removal from taluk office.

XVI. Any person found guilty of any breach of the opium Act, 1878, or of any rule framed thereunder or otherwise committing any offence in respect of the taluk office, or of the taluk officials or of any property contained in the taluk office, may be excluded from the taluk office by order of the officer in charge.

SUBSIDIARY RULES RELATING TO DANGEROUS DRUGS (MEDICINAL OPIUM, MORPHINE, HEROINE AND COCAINE.)

Notification No. R. Dis. 55-21, dated 22nd April 1922.

In exercise of the powers vested in him by Rule 29 of the Mysore Dangerous Drugs Rules, published in Government Notification No. R. 5161—Ex. 6-21-24, dated 4th April 1922, on pages 35 to 40 of the *Mysore Gazette*, dated 20th April 1922, Part III, and with reference to Rules 17, 18, 21 and 25 of these rules, the Excise Commissioner hereby prescribes the following forms and conditions for the grant of licenses for the vend of dangerous drugs and of passes for the transport of these drugs. They will come into effect on 1st July 1922.

1. Licensed dealers' licenses and Licensed chemists' licenses shall be in Form I and Form II respectively hereto attached. Every such license shall expire on the 30th June next following the date of issue.

2. The fee for each such license shall ordinarily be Re. 1 per annum, but—

(*a*) no fee will be levied on licenses granted to officers in charge of medical institutions maintained by the Government;

(*b*) the Excise Commissioner may remit the fee in the case of licenses granted to persons in charge of charitable medical institutions;

(*c*) no fee will be charged for the grant of a dealer's license to a person holding a chemist's license.

3. In the case of licenses granted free of charge under clause (*a*) or (*b*) of the foregoing rule to officers or persons in charge of medical institutions, the license should be made out in favour of the officer or person by virtue of his office, and not by name.

4. If any such medical institution comprises more than one dispensary situated on the same premises (*e.g.*, a sale dispensary, an out-patient's dispensary, etc.,) a single license in Form II will suffice to cover all such dispensaries, a separate license in Form I being taken out to cover the main store from which the dispensaries are supplied. But a note should be made on the license in Form II by the licensing officer to the following effect. This license covers the following dispensing institutions situated on the premises, *viz.*—

Note.—(i) For a branch dispensary situated in entirely separate premises, a separate license will be required.

(ii) For drugs actually used by an approved practitioner in his practice (and not merely dispensed on his prescription) no license is required (*vide* Rule 6 of the Dangerous Drug Rules). Accordingly, no license is needed for drugs actually used in the operation room of a medical institution in charge of an approved practitioner.

5. If in any case the quantities of drugs specified in condition 3 of the license form are in his opinion inadequate, the Deputy Commissioner should refer the matter, with his recommendation as to the increased quantities to be authorized, for the orders of the Excise Commissioner. Any increased quantity which may be authorized by the Excise Commissioner should be endorsed by the Deputy Commissioner in the space of the foot of condition 3 of the license, the number and date of the Excise Commissioner's orders being cited, and the endorsement being signed by the Deputy Commissioner.

6. (*a*) The accounts required by condition 6 of the licensed dealer's license and of the licensed chemist's license shall be in Form III and IV respectively hereto attached, books of which shall be supplied by the Deputy Commissioner on payment of such price as may be fixed from time to time.

(*b*) A separate set of pages shall be set apart for each drug possessed under cover of the license.

(*c*) Each transaction shall be recorded as it occurs and the account balanced.

(*d*) When drugs are manufactured otherwise than for immediate sale, supply or dispensing (for instance in the preparation of a standard solution) the quantity of dangerous drugs used in manufacturing the same shall be shown on the appropriate page or pages in column 6, the name and quantity of the drug manufactured and the number of the page on which transactions relating to it are recorded being entered in column 8 on the same page, and the entry signed by the manufacturer. The quantity of drug manufactured shall at the same time be recorded in column 3 on the appropriate page, the word "manufactured" and the number or numbers of the page or pages on which transactions relating to the drugs used in manufacture are recorded being entered in column 4.

(*e*) If a dealer's license and a chemist's license are held by the same person or institution, the drugs intended for use under each license shall be stocked separately, and drugs transferred from the "dealer's stock to the "Chemist's" stock shall be entered on the appropriate pages in column 6 of Form III and in column 3 of Form IV. In column 8 of Form

III shall be entered the word "transferred to chemist's stock" and the number of the page of Form IV on which the corresponding entry appears, and the entry shall be signed by the person making the transfer, and also by the person in charge of the "chemist's" stock of the "dealer's" and the "chemist's" stock are in the direct charge of different persons.

(*f*) In the case of medical institutions comprising two or more dispensaries on the same premises, a separate account in Form IV shall be maintained for each dispensary covered by the license (*vide* Rule 4), and in the case of drugs issued to them the appropriate entries in column 8 of Form III will be "transferred to sale dispensary," "transferred to out-patients' dispensary," "transferred to operating room," or as the case may be.

Note.—For drugs issued for use in the operation room of an institution in charge of an approved practitioner an account in Form IV need not be maintained.

(*g*) Every entry in column 6 of the register in Form III or Form IV maintained by a licensed dealer or licensed chemist shall be authenticated in the last column by the signature of the person by whom the drug is supplied or dispensed and also by the signature of the person to whom it is actually delivered, if literate. If, in the case of drugs supplied by a licensed dealer, such person be a person other than the person whose name appears in column 8, the order or acknowledgment for the drug of the person whose name appears in column 8 shall be filed by the licensed vendor after being marked by him with a serial number, which number shall be entered by him in column 10 of Register III. Such orders or acknowledgments shall be produced by the licensed dealer together with his accounts, on the demand of any officer authorized to demand inspection of his accounts.

(*h*) Every licensed chemist shall maintain a prescription book in Form V hereto attached which shall be supplied by the Deputy Commissioner on payment of such price as may be fixed from time to time and shall enter in it full particulars of each prescription containing dangerous drugs dispensed by him. To each entry shall be allotted a serial number, and the same serial number will be entered in column 10 of Form IV against the drugs dispensed.

NOTE.—In case where the original prescription is retained by the licensed chemist and filed in pursuance of the next following rule, the prescription need not be copied in column 5 of the prescription book, the entry in which will be "original prescription filed."

(*i*) Every prescription retained by a licensed chemist under condition 5(*b*) of his license shall be filed by him, after being marked by him with the serial number allotted to it in the prescription book, and shall be produced, together with his accounts, on the demand of any officer authorized to demand inspection of his accounts.

OFFICIAL PAPERS.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Encroachments on Amrut Mahal Kaval lands.

READ—

Correspondence ending with letter No. C. 336-G1. 21-22, dated 30th December 1921, from the Revenue Commissioner in Mysore requesting orders as to whether the Deputy Commissioners can deal with encroachments on Amrut Mahal Kaval lands which are under the control of a different department.

ORDER No. R. 5767-827—L. R. 194-21-5, DATED 1ST MAY 1922.

Amrut Mahal Kaval lands are lands set apart for special purposes within the meaning of Section 39 of the Land Reveuue Code and therefore Deputy Commissioners of districts are competent to deal with encroachments and other unlawful acts committed in respect of such lands by private parties. The Revenue Department is the custodian of all lands, the property of Government, and is expected to take action under the Land Revenue Code in respect of them as occasion arises. The Revenue Commissioner has incidentally raised the question that in respect of forest lands, encroachments and other unauthorised acts are provided for in the Forest Regulation and that Forest Officers have themselves to deal with such cases. Government observe that in respect of State Forests and other forest reserves, reserved under Section 39 of the Land Revenue Code also, the Revenue Department is competent to act under the Land Revenue Code on the application of Forest Officers and levy penal assessment and take steps for ejection. The operation of Land Revenue Code in such matters in addition to the Forest Regulation is specially provided by the express provision of Section 58 of the Forest Regulation.

2. Officers of other departments who have immediate charge of Government lands and other immoveable properties for departmental purposes should apply to the local Revenue Officers for taking steps under the Land Revenue Code whenever encroachments or other unlawful acts are committed by private parties in respect of the lands or properties in their charge.

Bangalore City Improvement Progress.

READ—

Government Order No. 6340-9—Ml. 330-12-3, dated 20th December 1913, ordering the reconstitution of City Improvement Committee, Bangalore, with the President of the City Municipal Council as the Chairman of the Committee.

(2) Government Order No. R. 7335-7—Ml. 1-19-7, dated 2nd January 1920, revising the constitution of the Committee and directing that the Chairman of the Committee be nominated by Government.

(3) Government Order No. 8871-84—Ml. 1-19, dated 6th February 1920, nominating members of the above Committee and appointing Rajasabhabhushana Dewan Bhahadur K. P. Puttana Chetty, C.I.E., as Chairman.

(4) Government Order No. L. 3013-7—Ml. 171-20-23, dated 31st December 1921, directing the abolition of the above Committee by the end of February 1922.

(5) Memorandum of progress of the Bangalore City Improvement Works to end of February 1922, submitted by the Chairman, Bangalore City Improvement Committee.

ORDER NO. L. 6257-68—ML. 180-21-1, DATED 25TH APRIL 1922.

In the first of the orders read above the Bangalore City Improvement Committee of 1908, was reconstituted with a view to develop and execute a scheme of improvements for the Bangalore City, consisting among other items, of the following :—

(*a*) Preparation of a map of the City,

(*b*) Improving the communications by short circuiting the existing roads so as to give easy access to all parts of the City,

(*c*) Provision of sites for building parks and children's play grounds,

(*d*) Improving drainage,

(*e*) Allotment of sites for markets, Municipal buildings, Schools and Boarding houses and for public institutions and

(*f*) Provision of future extension of the City.

By 1918, a programme of works had been approved and the arrangements for financing then specified. In 1920, the City Improvement Committee was again reconstituted. Rajasabhabhushana Dewan Bahadur K. P. Puttanna Chetty, C.I.E., who had since 1913 been President of the Bangalore City Municipal Council and *ex-officio* Chairman of the City Improvement Committee, and who vacated the Presidency in 1920, kindly agreed to continue as Chairman of the City Improvement Committee and was accordingly appointed as such.

2. In the last of the orders read above, Government have, in view of the present financial situation which may not permit of a Government grant of more than Rs. 60,000 annually, directed the winding up of the City Improvement Committee as a distinct body by the end of February 1922, and the transfer of its work to the Bangalore City Municipal Council. In winding up the work of the City Improvement Committee, Mr. Puttanna Chetty has submitted for the information of Government, a Memorandum on the progress of the Bangalore City Improvement works from the commencement up to the end of February 1922.

3. The Government have read this Memorandum with much interest and are pleased to note that it records substantial progress under all heads during the eight years of Mr. Puttanna Chetty's stewardship. A regular and full survey of the City and the extensions has been completed and a correct map of the City with full details has been prepared as also a General Index map (12 inches to 1 mile). Besides the linking up of the various lanes in the City, an important new thorough fare has been opened connecting the eastern extensions to join the Hoskota road near the Metal Factory, thus relieving the congestion of traffic in Market Square and Doddapeta. A large number of open spaces has been provided within the City to serve as lungs. A comprehensive scheme for City drainage has been prepared which is estimated to cost 19 lakhs of rupees. As this scheme may take some time to materialise the most urgent parts of it, namely, the laying of the lane from the City Market to Sunnekal Tank and the Sub-Main to sewar the Visvesvarapuram extension have been separated for urgent attention. A new extension, *viz.*, Visvesvarapuram, has been developed and laid out as an entirely self-supporting scheme. The extension which is expected to yield to the Municipality total receipts aggregating over 7 lakhs is not likely to cost more than Rs. 6,60,000 including all items of work in the extension. Already the extension has been formed and practically all the sites sold. What was a neglected and insanitary area has thus been developed to a valuable asset of the City. The general Market of the City has been vastly improved. Out of an estimate of 4½ lakhs of rupees sanctioned for this purpose

works to the extent of more than Rs. 3,30.000 have been executed. Material progress has been achieved in laying out the Hoskote Road as a Shop Street. Plans and estimates have been got ready for a Town Hall but the work has had to lie over owing to the present financial situation. The construction of the Municipal Office could not make progress owing to certain defects in the site first selected, and revised plans and designs for constructing it on its present site have been got ready.

4. In all, a sum of Rs. 11,50,839 has been spent on Bangalore City Improvement during these 8 years and the establishment charges have been kept low, being only 7·7% of the total out-lay.

5. From the above brief resume, it will be seen that considerable progress has been achieved in the direction of improving the City of Bangalore during the past 8 years. The Government of His Highness the Maharaja wish to take this opportunity of placing on record their high appreciation of, and acknowledgments for, the valuable services rendered by Rajasabhabhushana Dewan Bahadur K. P. Puttanna Chetty, C.I.E., as Chairman of the City Improvement Committee and to express their sincere thanks to him for the same. The thanks of Government will also be conveyed to the other members of the City Improvement Committee for their co-operation and advice.

EDUCATION DEPARTMENT.

OFFICE OF THE INSPECTOR-GENERAL OF EDUCATION.

Notification D. No. 87 of 1st May 1922.

Mr. Naganika Yayaman, son of Mr. Hedatale Basava Naika, Gundlupet is appointed a member of the School Attendance Committee in connection with the Scheme of Compulsory Education, *vice* Mr. V. K. Nanjundia (under para 11 (6) of the Rules).

Notification D. No. 88, dated 4th May 1922.

The accompanying statement showing the full capacity and the number of pupils actually under instruction during 1921-22 in the several sections of the U. E. Classes in the Government and Aided Collegiate High Schools in the State is published for general information. From a perusal of the statement, it will be seen that there is considerable room for further admissions in a majority of these institutions, in the History sections specially. Parents and guardians of students that are likely to prosecute their studies for the U. E. during the coming year are, therefore, requested to apply to the Head Masters concerned well in time so that the provision made in the several schools may be fully utilised.

Since it is stated that students apply for seats in more than one school at the same time with the result that a good number of them do not turn up at the time of admission, thus hampering the work of Head Masters in their final selections, the parents and guardians of students are informed that no application for admission will be considered unless it is accompanied by a leaving certificate. Leaving certificates applied for by students in June will accordingly be treated as immediate and granted the same day by the Head Masters, to enable them to seek admission in one or the other of the institutions in time. The leaving certificates and other papers of candidates not selected for admission in any particular school will be returned to them immediately so that they may apply for admission elsewhere.

Additional sections will not be opened in any institute unless the existing accommodation in all the institutions is fully utilised.
